### School Mission and Goals

Each child is an individual, unique in their own way, and very different from others. We as educators, must carefully analyze each child so that we may successfully understand them, be able to effectively meet their needs. We must develop each child to reach his/her maximum potential; socially, academically, physically and emotionally. Each and every staff member that comes in contact with a child has a direct influence on them. All decisions are based on the premise of what is best for the child.
